

2" MIRROR BALL

The dazzling effect of mirror balls cannot be replaced and they have become a timeless decorating tool. These mirror balls are custom made for FPI so we can control the quality and offer real value. The glass mirror tiles are slightly smaller than those commonly used, thereby increasing the number of reflective tiles for a more dazzling effect. Great for 60's and disco-themed parties or as store merchandising props. The 2" model is sold in pre-packs of 6.
